		<b>Award Date</b>	07/01/03
<b>PossConsultant</b>	None	<b>ConsultAdate</b>	
<b>Consult Tasks</b>		<b>Budget, \$000s</b>	\$0
<b>Planned Comm</b>	Open	<b>CommAdate</b>	07/01/03
<b>PossCommSup</b>	Open	<b>CommBgt \$000s</b>	\$50
		<b>Planned Protocol</b>	DNP

#### Comments //

Will soon begin the migration to DNP. KEMA was involved in the specification on the 1998 system and also was involved in the site acceptance testing and cost justification for the 2000 system. Some of the substations listed above are T & D. Using Cooper re-closers. DA is being explored now - they hope to get started in 2003.
